

HELP US BUILD THE

Children's DISCOVERY Garden

2+ ACRES FOR FUN AND EXPLORATION
EVENT SPACE & CLASSROOM
A PLACE TO CONNECT KIDS
WITH NATURE

A stylized, light blue bamboo plant graphic is positioned on the left side of the page, extending from the bottom to the top. It features several long, slender leaves and a central stalk with visible nodes.

The Children's Discovery Garden (CDG) will be the most exciting project we are doing for the Florida Botanical Gardens 20th Anniversary. We have received overwhelming support for this initiative from the county, our membership and most importantly, the community.

It will be the only free Children's Garden in Pinellas County and will be available to children of all abilities and ages. The CDG will be a place for hands-on fun, natural beauty, learning and creative play for children and parents alike.

Illustrating the vital connection between plants, people and nature, this will be a true oasis for play, discovery and learning.

You can now become part of the CDG legacy by donating with a commemorative tribute. The items for tribute will have an engraved plaque to honor yourself, family or friends. A personal acknowledgement is sent to you or the family or individual being honored, with reference to the gift. These tributes will be listed in the Garden's Annual Report. In addition to honoring a special person or occasion, these commemorative items also support the Garden and build a tradition of joyful memories.

PLEASE DONATE...

**Help us build an Oasis where our children
can discover, learn and play.**
